

## SITE PHOTOGRAPHS

**View of the Quarter Deck Apartments to the North/North-West of the proposed development site.**

**View to the North-West of the proposed development site. Views show the Port St Francis Harbour and surrounding developments.**

**View to the west of the development site showing the access point off Triton Avenue.**

**View facing the west of the site showing neighbouring residential dwellings to the south-west, bordering the site.**

**View south of the site showing neighbouring residential dwellings and the border of St Francis Dune Thicket to be retained as much as possible.**

**View to the east of the property showing development surrounding the property. The site contains grassland and irregular terrain due to depressions caused by the dumping of waste materials.**
