S24G Environmental Authorisation Process for commencement of activities on Farm Portions 420 and 373, Outeniqua Game Farm, Mossel Bay District Municipality
24G Consultation: 14/2/4/1/D6/28/0004/20

Good day,

Activities have been carried out on Farm Portions RE/420 (489ha) and 373 (789ha), Outeniqua Game Farm which require a Section 24 G application process to be carried out in terms of the National Environmental Management Act (Act 107 of 1998) (NEMA). An environmental authorisation is required to be issued by the Western Cape Department of Economic Development and Environmental Affairs for activities listed in Listing Notices 1, 2 and 3 of the 2014 Environmental Impact Assessment (EIA) Regulations (as amended, 2017) published in terms of the NEMA before further development can commence.

A water use license is required to be issued by the Department of Water and Sanitation for Section 21 water uses listed in the National Water Act (Act 36 of 1998).

The water license application will include:

- Section 21(a): Taking water from a water resource
- Section 21(b): Storing water

Dam and existing reservoirs on site

- Section 21(c): Impeding or diverting the flow of water in a watercourse.

for infrastructure near or within mapped wetlands and drainage lines, including dwellings and roads.

- Section 21(i): Altering the bed, banks, course, or characteristics of a watercourse.

Construction within or adjacent to a wetland or drainage line

A soil permit is required for the cultivation of virgin soil in terms of (Regulation 2 of the Conservation of Agricultural Resources Act, 1983 (Act 43 Of 1983)

A draft S24G application and accompanying appendices has been prepared and is provided and is available at the following link:

An executive summary is attached to this email.

A 60-day Review and comment period is provided on this application as both a water use license authorisation, and an environmental authorisation is required:

- **Comment and review: 25 April – 30 June 2025**

Please submit comments to claire@ecoroute.co.za

Kindly copy in James Dabrowski for comments related specifically to water uses: james@confluent.co.za

After the review and comment period the NEMA S24G application will be updated to address all comments received; the final application will then be submitted to the Western Cape Department of Economic Development and Environmental Affairs for consideration. The DWS will be sent the final application submitted to the DEADP.

Thank you for your participation in this process.

Kind Regards

Claire De Jongh

Good day,

Activities have been carried out on Farm Portions RE/420 (489ha) and 373 (789ha), Outeniqua Game Farm which require a Section 24 G application process to be carried out in terms of the National Environmental Management Act (Act 107 of 1998) (NEMA). An environmental authorisation is required to be issued by the Western Cape Department of Economic Development and Environmental Affairs for activities listed in Listing Notices 1, 2 and 3 of the 2014 Environmental Impact Assessment (EIA) Regulations (as amended, 2017) published in terms of the NEMA before further development can commence.

A water use license is required to be issued by the Department of Water and Sanitation for Section 21 water uses listed in the National Water Act (Act 36 of 1998).

The water license application will include:

- Section 21(a): Taking water from a water resource
- Section 21(b): Storing water

Dam and existing reservoirs on site

- Section 21(c): Impeding or diverting the flow of water in a watercourse.

for infrastructure near or within mapped wetlands and drainage lines, including dwellings and roads.

- Section 21(i): Altering the bed, banks, course, or characteristics of a watercourse.

Construction within or adjacent to a wetland or drainage line

A soil permit is required for the cultivation of virgin soil in terms of (Regulation 2 of the Conservation of Agricultural Resources Act, 1983 (Act 43 Of 1983)

A draft S24G application and accompanying appendices has been prepared and is provided and is available at the following link:

An executive summary is attached to this email.

A 60-day Review and comment period is provided on this application as both a water use license authorisation, and an environmental authorisation is required:

- **Comment and review: 25 April – 30 June 2025**

Please submit comments to claire@ecoroute.co.za

Kindly copy in James Dabrowski for comments related specifically to water uses: james@confluent.co.za

After the review and comment period the NEMA S24G application will be updated to address all comments received; the final application will then be submitted to the Western Cape Department of Economic Development and Environmental Affairs for consideration. The DWS will be sent the final application submitted to the DEADP.

Thank you for your participation in this process.

Kind Regards

Claire De Jongh

Dam and existing reservoirs on site

- Section 21(c): Impeding or diverting the flow of water in a watercourse.

for infrastructure near or within mapped wetlands and drainage lines, including dwellings and roads.

- Section 21(i): Altering the bed, banks, course, or characteristics of a watercourse.

Construction within or adjacent to a wetland or drainage line

A soil permit is required for the cultivation of virgin soil in terms of (Regulation 2 of the Conservation of Agricultural Resources Act, 1983 (Act 43 Of 1983)

A draft S24G application and accompanying appendices has been prepared and is provided and is available at the following link:

[S24G NEMA Process - Activities carried out and Proposed on Farm Portions 420 and 373, Outeniqua Game Farm, Mossel Bay Municipality, Western Cape. | Eco Route](#)

An executive summary is attached to this email.

A 60-day Review and comment period is provided on this application as both a water use license authorisation, and an environmental authorisation is required:

- **Comment and review: 25 April – 30 June 2025**

Please submit comments to claire@ecoroute.co.za

Kindly copy in James Dabrowski for comments related specifically to water uses: james@confluent.co.za

After the review and comment period the NEMA S24G application will be updated to address all comments received; the final application will then be submitted to the Western Cape Department of Economic Development and Environmental Affairs for consideration. The DWS will be sent the final application submitted to the DEADP.

Thank you for your participation in this process.

S24G Environmental Authorisation Process for commencement of activities on Farm Portions 420 and 373, Outeniqua Game Farm, Mossel Bay District Municipality
24G Consultation: 14/2/4/1/D6/28/0004/20

Good day,

You have been identified as an interested and affected party for this application process.

Activities have been carried out on Farm Portions RE/420 (489ha) and 373 (789ha), Outeniqua Game Farm which require a Section 24 G application process to be carried out in terms of the National Environmental Management Act (Act 107 of 1998) (NEMA). An environmental authorisation is required to be issued by the Western Cape Department of Economic Development and Environmental Affairs for activities listed in Listing Notices 1, 2 and 3 of the 2014 Environmental Impact Assessment (EIA) Regulations (as amended, 2017) published in terms of the NEMA before further development can commence.

A water use license is required to be issued by the Department of Water and Sanitation for Section 21 water uses listed in the National Water Act (Act 36 of 1998). The water license application will include:

- Section 21(a): Taking water from a water resource
- Section 21(b): Storing water

Dam and existing reservoirs on site

- Section 21(c): Impeding or diverting the flow of water in a watercourse.

for infrastructure near or within mapped wetlands and drainage lines, including dwellings and roads.

- Section 21(i): Altering the bed, banks, course, or characteristics of a watercourse.

Construction within or adjacent to a wetland or drainage line

A soil permit is required for the cultivation of virgin soil in terms of (Regulation 2 of the Conservation of Agricultural Resources Act, 1983 (Act 43 Of 1983))

A draft S24G application and accompanying appendices has been prepared and is available at the following link:

S24G Environmental Authorisation Process for commencement of activities on Farm Portions 420 and 373, Outeniqua Game Farm, Mossel Bay District Municipality
24G Consultation: 14/2/4/1/D6/28/0004/20

Good day,

Activities have been carried out on Farm Portions RE/420 (489ha) and 373 (789ha), Outeniqua Game Farm which require a Section 24 G application process to be carried out in terms of the National Environmental Management Act (Act 107 of 1998) (NEMA). An environmental authorisation is required to be issued by the Western Cape Department of Economic Development and Environmental Affairs for activities listed in Listing Notices 1, 2 and 3 of the 2014 Environmental Impact Assessment (EIA) Regulations (as amended, 2017) published in terms of the NEMA before further development can commence.

A water use license is required to be issued by the Department of Water and Sanitation for Section 21 water uses listed in the National Water Act (Act 36 of 1998). The water license application will include:

- Section 21(a): Taking water from a water resource
- Section 21(b): Storing water

Dam and existing reservoirs on site

- Section 21(c): Impeding or diverting the flow of water in a watercourse.

for infrastructure near or within mapped wetlands and drainage lines, including dwellings and roads.

- Section 21(i): Altering the bed, banks, course, or characteristics of a watercourse.

Construction within or adjacent to a wetland or drainage line

A soil permit is required for the cultivation of virgin soil in terms of (Regulation 2 of the Conservation of Agricultural Resources Act, 1983 (Act 43 Of 1983)

A draft S24G application and accompanying appendices has been prepared and is provided and is available at the following link:

[S24G NEMA Process - Activities carried out and Proposed on Farm Portions 420 and 373, Outeniqua Game Farm, Mossel Bay Municipality, Western Cape. | Eco Route](#)

An executive summary is attached to this email.

A 60-day Review and comment period is provided on this application as both a water use license authorisation, and an environmental authorisation is required:

- **Comment and review: 25 April – 30 June 2025**

Please submit comments to claire@ecoroute.co.za

Kindly copy in James Dabrowski for comments related specifically to water uses: james@confluent.co.za

After the review and comment period the NEMA S24G application will be updated to address all comments received; the final application will then be submitted to the Western Cape Department of Economic Development and Environmental Affairs for consideration. The DWS will be sent the final application submitted to the DEADP.

Thank you for your participation in this process.

Kind Regards

Claire De Jongh
