NEMA and Water Use Activities on Farm Portions 420 and 373, Outeniqua Game Farm, Mossel Bay Municipality

DEADP 24G Consultation: 14/2/4/1/D6/28/0004/20

BOGMA reference: 4/10/3/K10D/Outeniqua Game 420 & 373, Mossel Bay

Name	Renier Beedge
Organisation / Surrounding landowner farm name / number	PHC Brandwag Bowers, 161 (HA44)
Contact Details	[REDACTED]
Primary concerns	Impact on Brandwag river system. System is already under pressure and situation is much worse during the dry season. Water availability becomes an issue down stream. No reserves in the Brandwag river as indicated by the specialist. Brandwag river runs dry almost every year. In 2022 we had to lay off 200 people due to dried up river bed. Palmiet river has a direct impact on Brandwag river. Komwa river has a direct impact on Brandwag river. All actions upstream impacts downstream flow. Damming up streams in catchment areas all over will impact flow downstream.
