Dear Denise

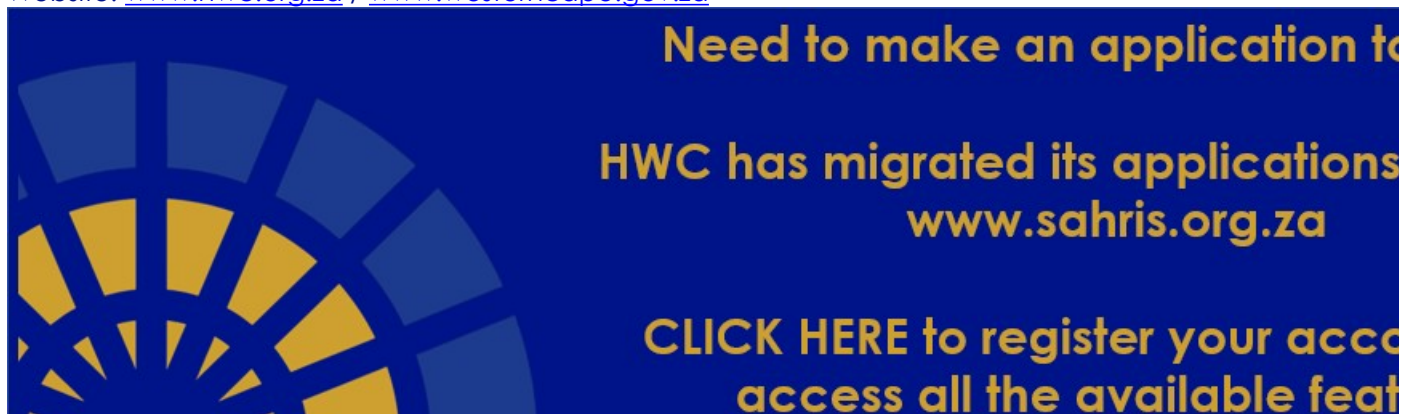

Well wishes for 2026.

Based on the aerial imagery provided, there is no footprint of the structure which would be older than 60 years, as such the provisions of Section 34(1) of the National Heritage Resources Act is not applicable.

Kind regards

Subject: Heritage confirmation: RE-1316 Knysna

Good day Waseefa

Happy new year to you!

I'm hoping you could please confirm that no action in terms of Heritage is required for additions and alterations to the structure/s on the subject property.

From available 1957 & 1968 aerial imagery, the building is not older than 60 years as it is not present in either aerial image.

Please find attached the necessary documentation in support of my standpoint.
The first sign of the proof is on available 1990 aerial imagery.

Kind regards

Denise
